

Winter Carnival is casual

Winter Carnival is this weekend, with all sorts of different events planned to hit the interests of just about all on campus.

Everything has been planned to be casual. No semi-formal dance is being held this year, however there are two dances. Both are, because of past pressure, to be casual.

If one feels like dressing for the occasion, feel free to do so is the idea of the events.

For a list of the Carnival Events, look in the do it do it section on page two.

3 Students nominated for Colombian trip

Three students from Laurentian University have been nominated to attend a series of seminars sponsored by the World University Service, which will take place this summer in Bogota, Colombia.

They are Maria Elisabeth Schoenfeld, Lorne Raymond, and William Badcock. One of these nominees will be selected and will attend the seminars with approximately forty university students from across Canada.

While in Colombia, the Students will investigate particular aspects of Colombia economic and political development. They will also have the opportunity of meeting with university students and faculty, as well as government leaders of Colombia. Students who do not already speak Spanish will undergo intensive training in the language prior to their departure.

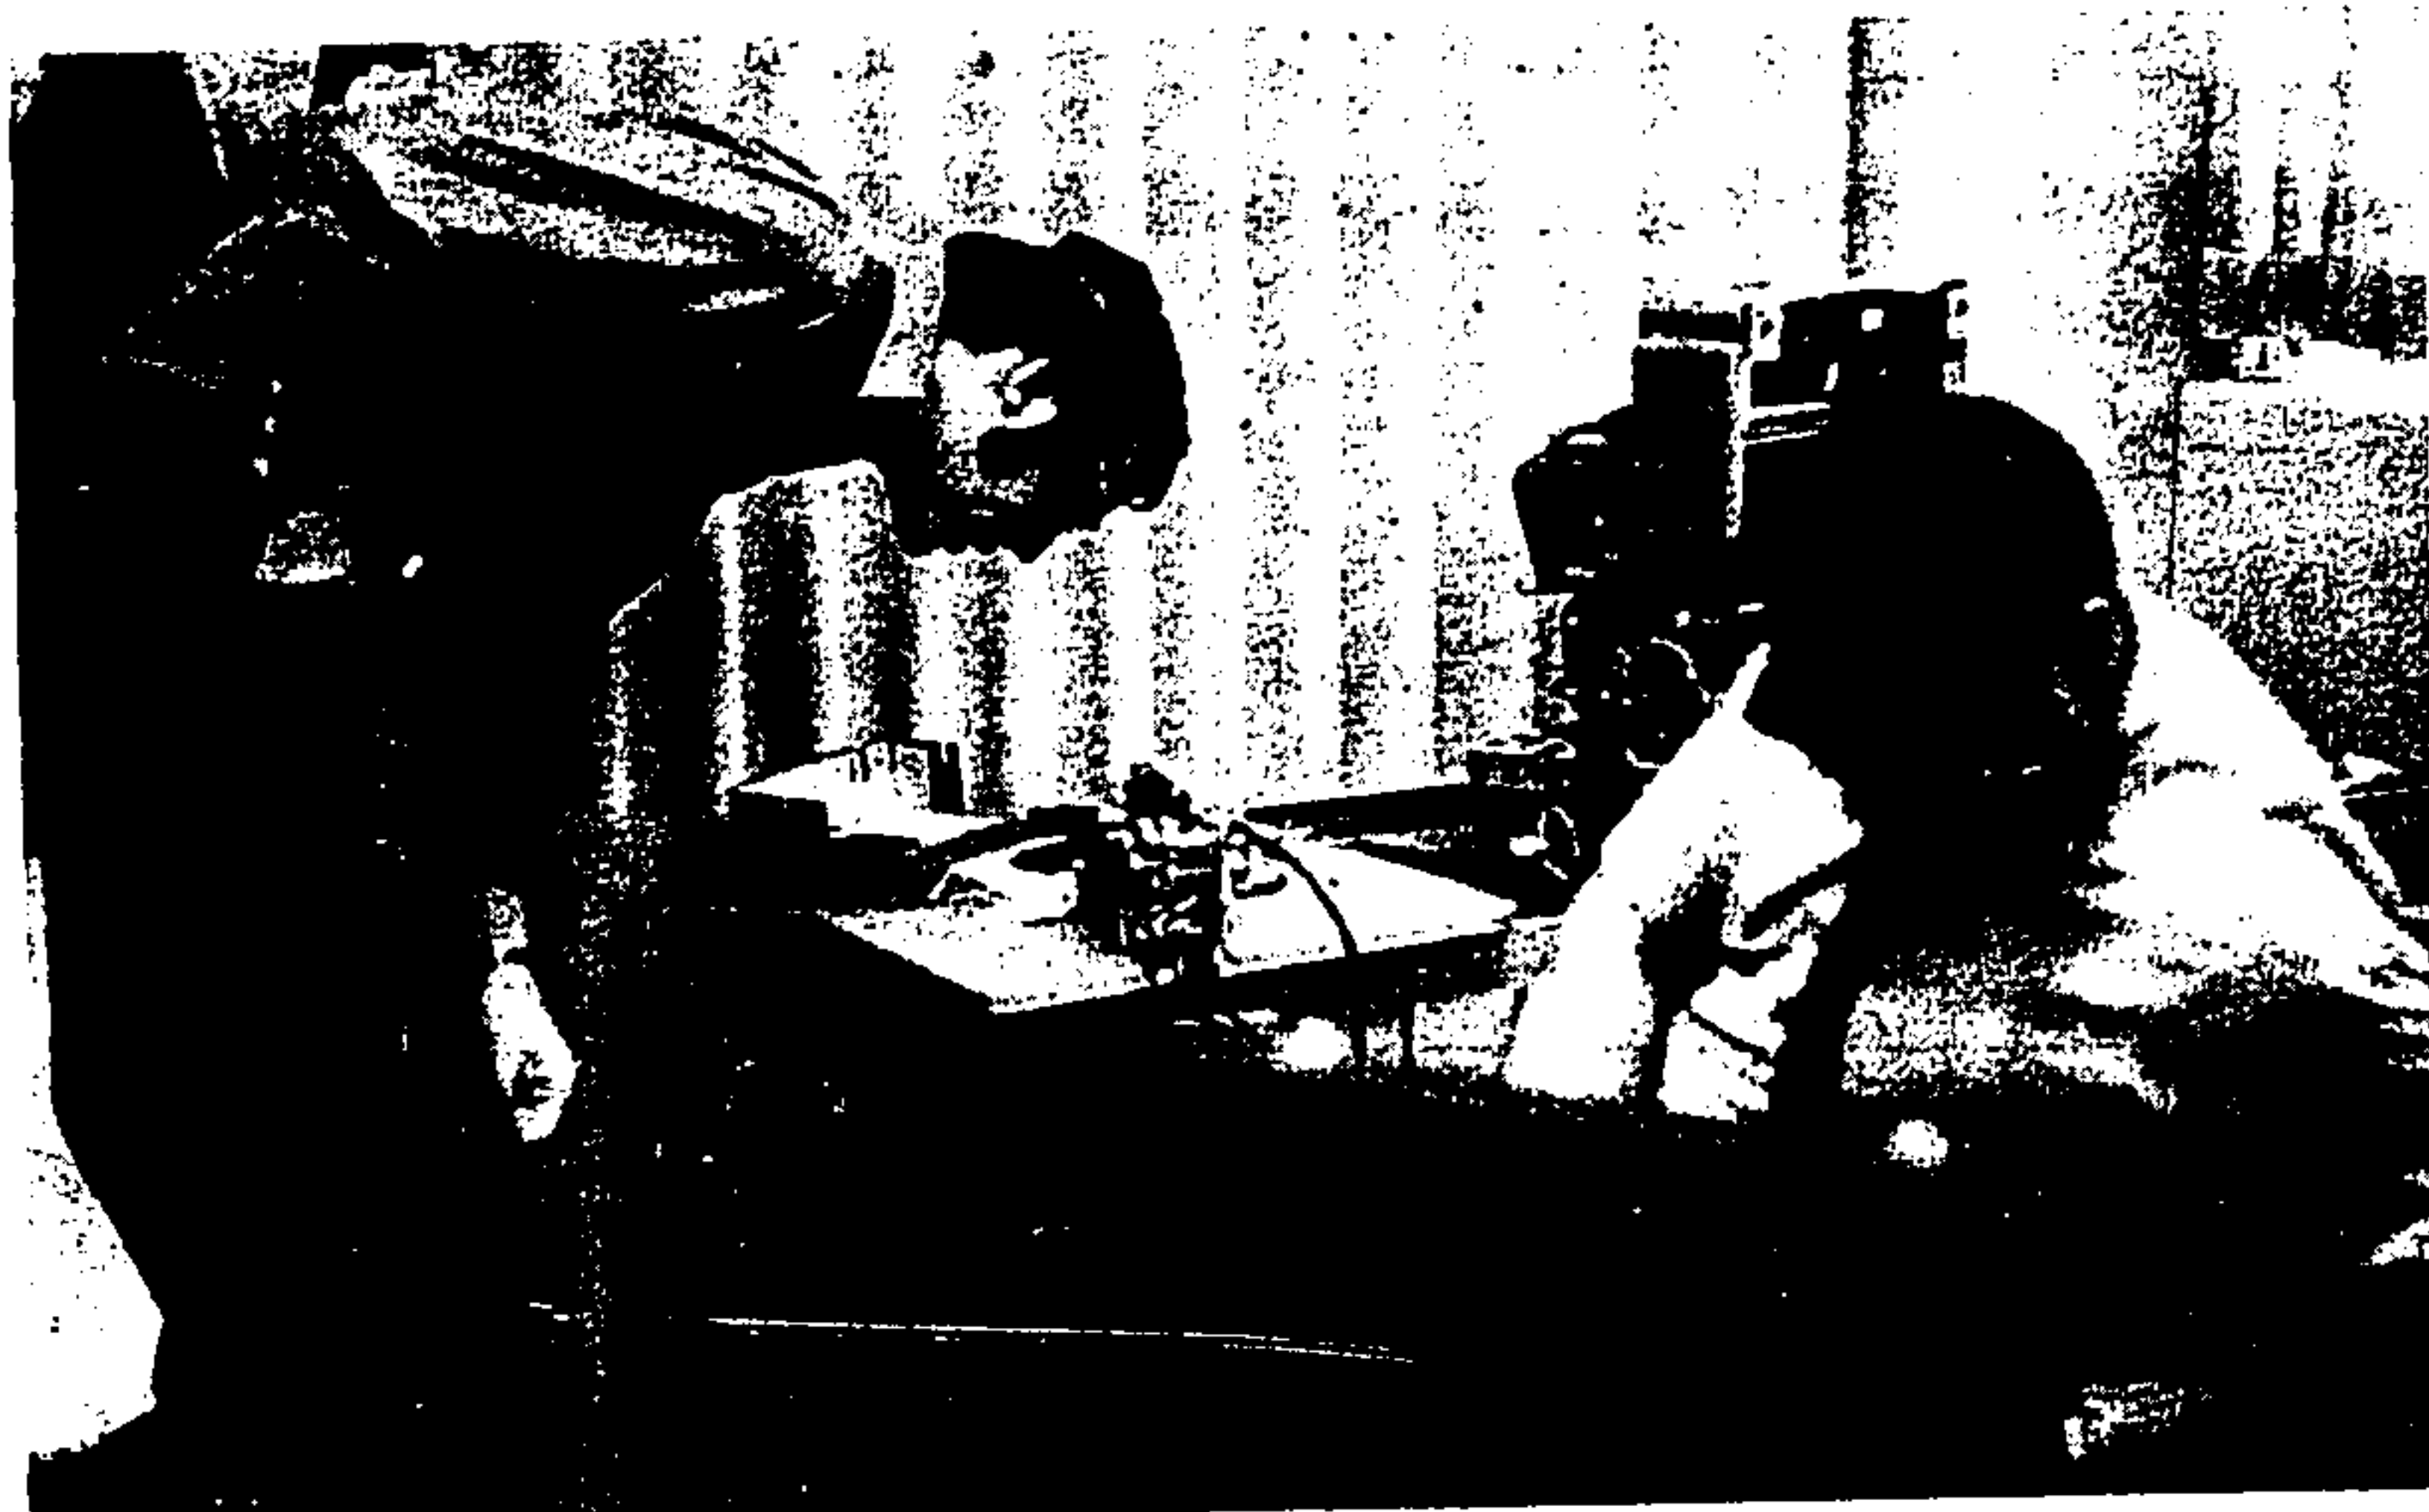

Before Laurentian's candidate can go to Colombia, the Laurentian branch of WUS must send \$500 to the national office by March 2nd. This appears to pose some problem to the organization as its funds presently amount to \$325.

Recent blackout affects L.U.

Thursday, January 21st saw Laurentian University enveloped in darkness. A city snowplow hit the high tension wires on South Bay Road, causing a 45 minute blackout from 1:20 to 2:05 pm. The power failure affected the Sanitorium and houses in that area, as well as the university.

The accident disabled the main feeder line, so Laurentian switched to four generators which offered staggered lighting in the tunnel and dark hallways. No one was stuck in the main elevators and the Science I elevator went on emergency power. The Sanitorium also reverted to emergency power.

Superintendent of Physical Plant and Planning, Mr. Leclerc, said that in such situations the university's circuits are checked before contacting City Hydro. If people were caught in the elevators there are secret means of opening the doors.

Lambda's publishing schedule has been seriously disrupted in the past weeks. Last week's issue which appeared on Monday, was made late by the severe storm, both here in Sudbury, and at the printer in Barrie.

Busses were pulled off the road, resulting in Lambda missing its scheduled press run.

This week tragedy struck again as our composing machine decided that its version of garbled copy was better than what the

staff usually puts out. Consequently our rather shortened issue and still another missed press run.

We will be back with our regular schedule commencing Feb. 11.

In the above picture, Editor Noel Beach stoops beneath his towering dignity and actually peruses the intricacies of a Justo-writer, while repairman Ron Gould tries to ignore such atrocious goings-on.

Laurentiana will improve - Lalonde

"It will be better", Ray Lalonde, editor of the forthcoming 1971 Laurentian Yearbook, was saying about his project.

Beyond that, he had no comment.

In the wave of disappointment following the Laurentiana 1970, this year's editor is planning sweeping changes in format, style,

and direction, hoping the SGA will see things his way. A name change of the Yearbook is also planned.

His job will be difficult. While the Laurentiana '70 is such a disappointment, it might not seem like a tough act to follow; on the

contrary--people, he feels, are likely going to watch this year's efforts very closely and critically.

Many more events will have to be covered, and covered well. More undergraduate pictures will have to be included for the sake of accuracy, and faculty pictures, planned more informally for this

Yearbook, will undoubtedly have to take into account changes from two to three years ago.

While he is inexperienced at Yearbook editorship, Lalonde feels that past mistakes have given him a good starting point. What will happen from there remains to be seen.

"Best game" for hockey Voyageurs

"The best game one of our hockey teams has played in six or seven years."

It is not very often that Coach Jack Porter praises to such a great extent, a performance by one of his hockey teams. However, Coach Porter had nothing but praises for the team.

"Delpapa was checking and playing as well as I have ever seen him play. Forrester was checking and skating well and Slywchuk played solid hockey. The McEwan, Lajeunesse, Juryne line had many chances to score but had the puck bouncing the wrong way."

And so it went. The Deacon,

Taylor, Vallquette line managed to accumulate a total of 24 points, with Deacon getting 8, Taylor 9 and Vallquette 6.

Many of you are now beginning to suspect that the weekend action saw lopsided scores. And you are right. The Vees defeated Ryerson 12-3 Friday night and ham-

pered Brock 14-1 the next night.

The big game of the season takes place this week when the Vees host York University from Toronto. Currently the two teams are undefeated and Laurentian would like nothing better than to beat York. In the last five outings, the Vees have not beaten York once. In fact, the Vees have managed to come only within 3 goals of the York Team.

However, since the Voyageurs are hosting the Hockey College Championships, the Vees will probably try a bit harder to upset York and represent this league in the championships.

Hockey Notes:

York beat Brock 19-2 in league action...York and Laurentian are making a shambles of the league. To date the Vees have scored 10.6 goals per game while York has an average 11.5 goals per game. In their only encounter of the season, York defeated Laurentian 5-1, scoring four unanswered goals in the third period...Again that big game, Sunday, February 7th, at 2:30, in the Sudbury Arena.

Lutheran hammers hoop Vees

Waterloo Lutheran demolished the Vees basketball team during weekend action. The final score of that game was 89-62.

John McKibbin led the Vees with 23 points and is now averaging a little over 20 points per game. The loss almost ends any hopes the Vees have of coming in first and only a determined effort by the team can get them into second place ahead of York.

The championships will probably be played in Waterloo and noting that they are a very good home team, chances of the Vees winning are not exactly over-

whelming. However, don't count the Vees out of it just yet.

After the Waterloo disaster, the Vees traveled to St. Catharines to play the Brock University Generals. John McKibbin's 35 points contributed to a 101-82 victory for the Laurentian squad. It was the fourth time this season that the Vees burst the 100 point mark.

Basketball Notes:

If York does not defeat Waterloo, but beats Laurentian, then Waterloo will come first, York second, and Laurentian third. If York somehow wins over Waterloo, by more than five points

and still beats Laurentian, then they will come first, Waterloo second and Laurentian third.

However, if the Vees beat York here and York loses to Waterloo, then Laurentian will come second. There is almost no chance of Laurentian coming first.

Therefore, here are my predictions of the final standings: Waterloo first, Laurentian second and York third. The semi-finals will have the second place team host the third place finisher and the winner will play the top team for the championship in the gym of the first place team..

Leditors.....

Mr. R. Cassells,
President,
Cambrian College Student Council,
North Bay Campus,
North Bay, Ontario.

Dear Bob:

This letter is in connection with one of the infamous events of 30 January 1971 in North Bay. As you are probably aware, there was a delegation of those glorious NADS from Thorenloe College who partook in some of the activities of your recent and successful Winter Carnival. By the same token, you are probably aware by now that we have come into possession of your prized Cambrian Shield which formerly hung in the hollowed halls of the Belmont Hotel.

Being men of honour (and in view of the fact that the said shield does not represent the same value to us) we deem it only fitting that you should have the opportunity of reclaiming this symbol of your college's honour.

Its reclamation is dependent upon your compliance with the following terms: to wit;

Your participation in our University's Chug-a-lug Contest, herein after referred to as "the Contest" which is to be held in "Le Bistro" Room of the President Hotel at 2:30 p.m. Sat. the sixth day of the second month in the year of our Lord, nineteen hundred and seventy-one.

In view of the rules set down by our Winter Carnival Committee there are no longer any openings for team entries into "the Contest", hence your participation shall be in conjunction with, but separate from, the main contest, as you will compete against the NADS only.

Should you prove to be victorious, the shield shall be returned via parcel post, postage paid.

Should you prove to be incapable of defeating the NADS Drinking Quintet, the shield shall be returned via parcel post, COD. Failure to participate will result in an undisclosed inscription being embedded into the said shield and its return, along with several cement building blocks, parcel post COD.

Please be advised that copies of this letter have been sent to your counterpart at the Sudbury and "Soo" Campuses, to all Cambrian campus newspapers as well as to our own. Along with this, copies will be posted throughout our campus.

In thanking you for your time and concern, we remain

With all respect and comradeship

the nads

ED NOTE: - Naughty fellows.

Dear Editor,

This is to the prick that was so low and gutless to cut up the "lo-

nghairs" in the last issue, and then crawl away like scum, by signing his name-"the silent Majority." I'd like to meet this epidemy of squaresville; this queer, I repeat, this QUEER! He doesn't drink, smoke, have sex, do sweet zip. He ought to be booted out. To boot, he is a commie.

I quote, "this really makes me mad! Well people, you judge; I think he is mad!

Lots of Love,
John Ross,
One who doesn't crawl away.

Dear Catherine and Lambda staff: Congrats on the last issue of Lambda. It was a great issue, with Penelope pig, or as some would prefer Oinkie, mouth off by Vic. I suppose that in the interests of producing a balanced paper, you let Dalton's column in. C'est la vie, as Dalton's token bilingualism would have it. P.S. Bye Cathy B. Macfarlane.

Dear Editor,

Sometimes I wonder about this world, you know. I mean with even our paper showing traces of conservatism like communist...oops columnist dalton, and the hippie hater, what's next. But then I suppose this is Lambda's answer to the happy way of looking at things. I just hope the man is not serious. A friend of mine who works for Lambda says he was. Please Editor, say he wasn't. Jennifer A.

THE COLLEGE OF EDUCATION

University of Toronto

1971-72 PROGRAM

Leading to

THE BACHELOR OF EDUCATION DEGREE and to the Interim High School Assistant's Certificate granted by the Ontario Department of Education.

SELECTION

Since enrolment in the 1971-72 program will be limited to 1300 students, preference will be given to candidates with superior academic qualifications for teaching subjects in which there is a shortage of qualified teachers in Ontario secondary schools.

APPLICATION

Candidates are urged to apply as soon as possible. The closing date for receipt of applications is April 1, 1971.

ADMISSION

It is expected that candidates will be notified not later than June 1, 1971, whether or not they have been admitted to the program.
